BACKGROUND

I am a Full-Stack JavaScript Developer with a knack for back-end development, a strong background in adaptive learning and persistent problem solving from experience working as a entrepreneur in the ecommerce field. I'm looking forward to growing my skills in a dynamic and collaborative environment.

PROJECTS

NMCONNECT
FULL STACK DEVELOPMENT | App Store | Google Play Store

React - React Native Expo - Node.js - MongoDB - Mongoose - Express - Jest

- Full stack mobile app built for State of New Mexico that provides easy-access buttons to contact the New Mexico Crisis and Access Line (NMCAL) and state resources.
- The app is was supported by a mongoose database, and front end website, to allow an administrative user to edit and curate resources, as well as schedule push notifications.

PET PALS
FULL STACK DEVELOPMENT | Git Hub | Deployed Site

JavaScript, Node, Express, MongoDB , Socket.io, React,

- Full stack social app for busy dog owners who need assistance taking care of their furry friends needs.
- This project was developed over the course of a week long team sprint, during which I contributed the CRUD routes, user auth, and helped mob out many of the other features.

COLUMNS AND ROGUES
FULL STACK DEVELOPMENT | Git Hub | Deployed Site

HTML, JavaScript, Node, Express, Postgres, CSS

- Full stack persistent roguelike made over the course of a four day team sprint. Explore an ever-growing labyrinth for gold, items and glory.
- I contributed the user routes and auth, and front-end model displays.

RECENT PROFESSIONAL EXPERIENCE

LIFETIME OPTIMIZATION | INDEPENDENT SOFTWARE DEVELOPER
March 2020 - September 2020

- Was part of a team of 2 that designed and built the NMConnect mobile app from the ground up.
- Intial demo secured $200,00 in development funding to continue adding features over the next year.

SOUL ORGANICS | VICE-PRESIDENT
2017-2019

- Built, managed, and maintained company's technical infrastructure. eg. Website, Email Services, Customer Data Collection.
- Supervised a series of Facebook marketing campaigns that sold thousands of units.
